Profile

WordPress Developer with 7+ years of experience building business websites, multilingual sites and WooCommerce stores with WordPress and Elementor, optimised for performance, security and SEO. I also build Laravel and Node.js backends with custom REST APIs, and integrate HubSpot, Odoo and Monday.com.

Skills

- WordPress / WooCommerce / Elementor / Make.com / n8n / Zapier
- Flutter / Dart / SwiftUI / React / Next.js / JavaScript / HTML / CSS
- PHP / Laravel / Node / Express / Python / REST / GraphQL / SOAP API
- Firebase / MongoDB / PostgreSQL / MySQL / SQL / NoSQL
- HubSpot / Odoo / Monday.com / Git / AWS / AWS CodeCommit / FCM / Selenium

Experience

Software Developer — Imara Software Solutions — **May 2023 - Present**

- Develop robust and user-friendly Flutter applications to meet client requirements.
- Build backends with Node.js and Laravel, and custom REST APIs for clients and third-party apps.
- Build Make.com and n8n automations and integrate HubSpot, Odoo and Monday.com.
- Automate web applications with Python, Selenium, bs4, Requests and lxml.
- Conduct lectures as a web development instructor at IMTS.
- Collaborate with co-developers using GitHub and AWS CodeCommit.

Web Developer Intern — Imara Software Solutions — **Feb 2023 - Apr 2023**

- Created responsive, visually appealing interfaces with HTML, CSS and JavaScript.
- Implemented enterprise application platforms with React, AWS and MongoDB.
- Built scalable backends with Node, Express and the Laravel MVC framework.
- Implemented and integrated RESTful APIs.

Freelance Developer — Upwork.com, Freelancer.com — **Jul 2019 - Dec 2022**

- Built responsive, user-friendly websites with WordPress.
- Optimised site performance, security and search engine optimisation (SEO).
- Troubleshot and resolved technical issues and bugs on WordPress sites.
- Built mobile apps and web apps for clients, from requirements to release.

Production Manager — Reshma Motors (PVT) Ltd — **Jan 2022 - Jun 2022**

- Monitored production standards, including safety protocols and quality control.
- Assigned tasks and responsibilities to production team members.
- Managed inventory levels and coordinated with the materials management team.

Projects
